Inter-Personal Communications: Learn How and Why We Talk Harvey Wright

Inter-Personal Communications is a compilation of educational and professional experiences of situations, methods, models and barriers to successful communicating among human beings. It includes personal family experience and has professional training methods and styles that make it easy to understand Personal Communication as well as ways to improve current inter-personal communicating. The experience written in this book spans a lifetime of learning and experience focusing on communications. A model is developed and then examined in depth to gain a very substantial understanding of the process of communicating. It also contains some unique connections to Transactional Analysis, which is extremely useful in diagramming communication situations, which enable a very different, look at inter-personal communicating, which can only enhance the readers expertise in communicating. His goal for many years has been to make communicating easier to understand and to enable a better way of getting our wants and needs communicated to those whom we need it communicated to.
