Listen to the music. Hear the elements. Expand your playlist.

The first edition of *Listen to This* struck a chord with professors and students with its powerful message of listen to the music, hear the elements, and expand your playlist! Professors at over 160 institutions across the country selected *Listen to This* for their music appreciation students. And 70% decided to offer MyMusicLab to their students as the source for streaming audio and an interactive learning environment to improve their students' listening skills.

Listen to This was created for today's students. It will expand your students' playlist with its listening-oriented approach and the integration of the musical elements. For the professor, it provides a customizable, modular format that gives you the flexibility to design your ideal music appreciation course. *Listen to This* also encourages students to explore history, culture, and musical styles through active listening, not just through passive reading. By concentrating on the elements of music, students develop the ability to connect earlier music with their own music. Praised by students and instructors alike for its engaging writing style, stunning design, and flexible format, this text will instill a life-long appreciation and understanding of music in your students by expanding their playlist today!
