## **The Lawnmower Man** Donni Didit

A romantic and intelligent novelette that explores relationship from both sides - the joys of being single and on the dating scene versus the 'together' stability of partnered. Based on a true story! This quirky, satirical tale brings both humour and pathos together with an atypical storyline that makes both sides of the fence as green as each other. Our hero, the lawnmower man, boldly strides through the pages, muscles rippling and creating unwitting havoc in the lives of two women.

Written fifteen years ago, this is Didit's first foray into published fiction having been published worldwide in the late 90's under the name of Donni Hakanson. "The Lawnmower Man" is the first of a series of writing, with two neurotica stories (neurotic erotica!) and a full-length novel to be released in the near future.
