Yes, you read that correctly! You *can* teach your child to use the potty in just one day!

Are you and your little one ready to master the potty together?

For many parents the idea of potty training their child can be daunting. How will you know when your child is ready to ditch those diapers? How long should the process really take? What happens if your child wants nothing to do with the potty?

On the flip side, perhaps you've been through the potty training experience before, and it wasn't a good one. How can you make potty training a success this time around?

Using the Potty Training in Less Than a Day method, your child WILL master that potty! And he or she will become expert potty users in no time flat!

Inside this helpful guide, you'll find a clear and easily actionable step-by-step plan to help your child to ditch those diapers in 24 hours. You'll learn:

- How to tell if your child is ready to put that potty to use.
- How to help your child to recognize the sensations of needing to use the toilet.
- How to prepare your child for the potty, using playtime, stories, and conversation.
- How to build your child's confidence and independence by training him or her to use the potty without the use of bribes or punishment.
- How to get your child excited about using the potty when he or she wants nothing to do with it.
- The right equipment you'll need to get your child's potty training off to the best start.
- The Dos and Don'ts of potty training.
- What to do if your child continues to wet the bed at night.
- How to teach children with autism to use the potty.
- How to handle accidents.

While every child is different, Potty Training in Less Than a Day is a tried and true method that works.

Turn potty training time into a rewarding and bonding experience for both you and your little one, and get ready to ditch those diapers for good!
