Profiles of American Presidents in the Twentieth Century: Merits and Maladies: From Theodore Roosevelt Jr. to William Jefferson Clinton: Contributions, Mental and Physical Illnesses Robert W. Schrier MD

A realization that United States Presidents have had mental and/or physical illnesses at critical times during their administration is very important for our country. This book, "Profiles of American Presidents in the Twentieth Century: Merits and Maladies", discusses these issues relating to all 17 U.S. Presidents in the twentieth century when over 70 million people died in military conflicts. The past failure to use the 25th amendment in such times of crises has implications for the future of the country. In addition to the text, there are over 120 pictures in the book.
