The Occult Colin Wilson

Colin Wilson's classic work is an essential guide to the mind-expanding experiences and discoveries of the occult in the 20th century. He produces a wonderfully skillful synthesis of the available material—one that sees the occult in the light of reason and reason in the light of the mystical and paranormal. The result is a wide-ranging survey of the subject that provides a comprehensive history of magic, an insightful exploration of our latent powers, and a journey of enlightenment.

"I am very impressed by this book, not only by its erudition but...above all for the good-natured, unaffected charm of the author whose reasoning is never too far-fetched, who is never carried away by preposterous theories."—*Sunday Times*
