Knowledge, Virtue, and Action: Putting Epistemic Virtues to Work (Routledge Studies in Contemporary Philosophy)

Knowledge, Virtue, and Action: Putting Epistemic Virtues to Work (Routledge Studies in Contemporary Philosophy)

This volume brings together recent work by leading and up-and-coming philosophers on the topic of virtue epistemology. The prospects of virtue-theoretic analyses of knowledge depend crucially on our ability to give some independent account of what epistemic virtues are and what they are *for*. The contributions here ask how epistemic virtues matter apart from any narrow concern with defining knowledge; they show how epistemic virtues figure in accounts of various aspects of our lives, with a special emphasis on our practical lives. In essence, the essays here put epistemic virtues to work.
