**Nursing Care Plans: Nursing Diagnosis and Assessment, Nursing Interventions Guide** Brittany Samons

As a nurse, you always have to be at your best. Diagnosing different medical conditions on sight and having plausible solutions to each problem could be the only thing between you and a life. Even though your training will rigorously take you through the remedies for the most common diseases, a frequent reminder on the latest symptoms and treatment options will not only keep you up to date but also ensure that you present the very best treatment services to your patients.
