# Scientific and Technical Issues in the Management of Spent Fuel of Decommissioned Nuclear Submarines (Nato Science Series II:)

## Scientific and Technical Issues in the Management of Spent Fuel of Decommissioned Nuclear Submarines (Nato Science Series II:)

This book addresses a very important challenge of the present – complex decommissioning of the nuclear-powered vessels taken out of service and environmental rehabilitation of the centers of basing and everyday running of different-type nuclear vessels. The book specifically focuses on the scientific and technical problems of management of naval spent nuclear fuel and radioactive waste.
