George J. Benston, professor of Finance, Accounting, and Economics at Emory University's Goizueta Business School, died unexpectedly in January 2008. He was an impassioned advocate for corporate integrity and a unique scholar; his research interests were as broad as those of any recent academician. His colleagues have selected and organized his most important papers into two volumes. This second volume consists of his publications in the fields of accounting and finance. The editor has selected a broad range of papers from each of the major areas that are representative of Benston's work in that particular field. James D.
