Crazy Wisdom Tom Thresher

Building around the revolutionary work of Harvard psychologists Robert Kegan and Lisa Lahey called Immunity to Change, Tom has designed a process for participants in small groups to develop a new, expansive awareness. Using this process, individuals and eventually communities, are able to make important changes while developing the greater mental and emotional complexity required in today's world. Tom makes the audacious claim here that faith communities are uniquely situated to lead the evolution of human consciousness to help create a more just, caring and sustainable world. Crazy Wisdom is dedicated to answering how we just might go about doing that.
