The ACP Evidence-Based Guide to Complementary and Alternative Medicine Bradly P. Jacobs, Katherine Gundling

Here's the comprehensive, evidence-based analyses physicians need to counsel patients about complementary and alternative medical therapies and to integrate these techniques into their own practices! This resource focuses on the safety and efficacy of a full range of CAM therapies, providing at-a-glance answers to the questions busy clinicians are most often asked. In-depth reviews of the research are thoroughly digested into concise summary tables, placing key information at the reader's fingertips. The ACP Evidence-Based Guide to Complementary and Alternative Medicine also features a useful overview of CAM therapies; guidance on discussing these therapies with patients; and consideration of legal, insurance, and regulatory issues.
