How to Draw Human Figures

Ultimate guide on drawing people in easy-to-follow steps

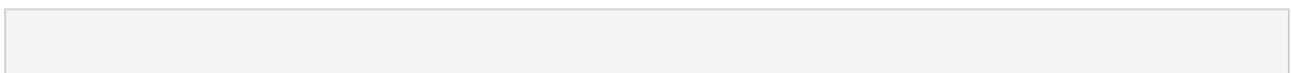

You've looked at sketches and life-like drawings on the internet and wanted to draw people. You went out and bought books on how to draw faces, facial expressions, and the body as a whole stationary and in motion. You've tried to follow the steps, and have gotten discouraged. No matter how you tried, it never worked out the way you wanted it. So, in frustration, you put aside the sketch pads and hidden the pencils. The books you purchased are now gathering dust because there was something missing in the instruction that still had you puzzled.

Everyone wants to learn to draw, and some have resigned to the fact they simply can't. If you are one of the latter, give this E-book a chance to show you how easy it can be to draw the human figure. The step-by-step process in this book will make it so you will be drawing from the first lesson. It's easier than you think, and more fun to do when it is simple to understand and follow. Take it one step-at-a-time, and you will be drawing the human body in no time. You will wonder why a book like this wasn't out before now. Are you ready? Purchase this book and you will be on your way.

Here is a preview of what you'll learn:

- How simple measurements turn into proportions that make up the face and body.
- How simple shapes can come together to make stunning portraits.
- How following a guide on paper can create a figure in its entirety.
- How to draw them in motion when you get the proportions correct.
