MyMathLab Plus Integrated Course Sequence -- Standalone Access Card Pearson

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

-- Today, many schools are going to a modular approach for their developmental math sequence, or looking to combine two or three developmental math courses into a single sequence. With that in mind, Pearson has created Custom Integrated Courses that allow schools to pick a single author, combine multiple books/courses from that author, and create a single MyMathLab course.

This is a Student Access Kit for a Custom Integrated Course Sequence for MyMathLab. Please ask your instructor if this is the correct item for you to purchase.
