You're Lucky You're Funny: How Life Becomes a Sitcom Phil Rosenthal

The creator and executive producer of *Everybody Loves Raymond* dissects the art of comedy and the making of a sitcom classic

In television, where programs can premiere and disappear in the same week, *Everybody Loves Raymond* reigned as America's best-loved show for nine years with more than seventeen million viewers. As the number-one sitcom, it received more than seventy Emmy nominations, including two wins for best comedy. With *You're Lucky You're Funny*, Phil Rosenthal takes us onstage and inside the writer's room.

Rosenthal's meteoric ascent was preceded by odd jobs, including a stint as a museum security guard, running a deli, and writing for a slew of forgettable shows-including one starring Robert Mitchum as a curmudgeonly homeless man taken in by two orphans. But when he met comedian Ray Romano, they discovered a shared lifetime of family dysfunction-and endless material for a sitcom.

Not only a chronicle of one man's rise to the peak of his profession, Rosenthal's book is also an unprecedented look at the making of a hit series: how shows are written and character developed, how comedy is refined, how network executives are outsmarted, and most important, how egos are massaged. *You're Lucky You're Funny* is an inspiration to anyone involved in the creative process and a must read for the show's millions of devoted fans.
