Both Flesh and Not: Essays

David Foster Wallace

Both Flesh and Not: Essays David Foster Wallace

Brilliant, dazzling, never-before-collected nonfiction writings by "one of America's most daring and talented writers." (*Los Angeles Times Book Review*).

Both Flesh and Not gathers fifteen of Wallace's seminal essays, all published in book form for the first time.

Never has Wallace's seemingly endless curiosity been more evident than in this compilation of work spanning nearly 20 years of writing. Here, Wallace turns his critical eye with equal enthusiasm toward Roger Federer and Jorge Luis Borges; *Terminator 2* and *The Best of the Prose Poem*; the nature of being a fiction writer and the quandary of defining the essay; the best underappreciated novels and the English language's most irksome misused words; and much more.

Both Flesh and Not restores Wallace's essays as originally written, and it includes a selection from his personal vocabulary list, an assembly of unusual words and definitions.
