"I don't regard nature as a spectator sport." -Ed Zern, 1985

Hunting is a serious business-but it's also about camaraderie, achievements and failures, seeing new places, and revisiting cherished ones. The true stories here feature a variety of game, in locations that range from high Yukon Territory mountain peaks to lowland swamps off of Mobile Bay, Alabama.

This is an indispensable volume for all lovers and students of the natural world. If your definition of home includes fields and marshes, creeks and river bottoms, plains and mountains, consider this required reading.
