Love Me if You Dare Sabel Simmons

Samantha DuPont came face to face with her family and Nicolas Forrester again for the first time in six years at her father's graveside. All the memories came rushing back and the reason why she left under a cloud of shame six years ago. When their eyes met desire slammed through Nicolas even though he did not recognize the beautiful black haired woman on the other side of the grave. Samantha immediately felt the electric surge and realized her feelings for the hunk of a man was still hidden deep in her heart. Her father's devious will forced her to accept the shares in the company or Nicolas would lose it all. It was not enough that she had to work side by side with him daily, they had to share a house for 12 months. Nicolas made it clear to Samantha that he wanted her and he set out to seduce her ruthlessly, but the secret she harboured in her heart about what really chased her away six years ago was a bigger barrier than he could ever have realized. Samantha was a strong willed woman, and had no intention of giving in to the demanding and gorgeous man who set her juices flooding her panties with just a look and did everything in her power to keep from jumping his bones every time he was near. He refused to be denied and once she moved in with him, he pursued her mercilessly and set out to make Samantha overcome all her fears and love him with a passion that took his breath away. His unselfishness, yet possessiveness drove her in his arms time and time again and the passion between them exploded once he broke the barriers down. The past came back to haunt them once again and Nicolas was terrified of losing her forever. Extract For long moments they remained motionless, staring into each other's eyes in the reflection of the mirror. Samantha gasped and a flush stole down her body to tint it a rosy hue all over when Nicolas's eyes released hers to slowly travel over her naked body. She saw them hesitate and his eyelids lowered as he stared at her breasts, at the round globes, which was slightly more than a handful, with no droop in it, but the rose nipples were what made his mouth water, large, soft and so sensitive that it shrivelled at his gaze. His hungry eyes slid down her perfect shape to hesitate hungrily at the juncture between her legs, and then he stopped breathing. Her mound was hairless and begged for his touch. When his tongue circled his lips Samantha managed to pull herself together and lifted the dressing gown she gripped in her hand to cover her nakedness from his probing eyes. She retreated to the door, stammering, "I'm sorry. I thought you would be finished by now. I should have knocked ...". She desperately groped for the door handle behind her, but before she found it Nicolas was in front of her, his hands going over her shoulders to flatten against the door next to her head; effectively imprisoning her between his body and the door. He smiled crookedly and Samantha has never felt as vulnerable in front of him as she did at that moment. She was overly conscious of the fact that she was buck naked, with only a satin dressing gown pressed in front of her and a very small towel covering his hips, were what separated their naked skin. "Yes, baby, you should have ...". His head lowered and her lips lifted and met him halfway, elating him so much that he slanted his lips over hers, kissing her hard and wickedly passionate. He twisted his lips over her from side to side; tugging at her lips with so much force it was as if he was trying to draw her into his body. He lifted his head and his eyes were hooded when he looked at her. "Lord, baby, you are so beautiful!" "Nicolas ...". His name whispered between her lips and he could do no other but to swoop down again and capture them with his. His hands dropped to her shoulders, drawing her away from the door and up against his body, at the same time pulling her gown from her lifeless fingers and flinging his towel to the ground.
