Small House: Small Floor Plans

Charles Copley I

Small House: Small Floor Plans Charles Copley I

This book takes a small look into how I moved from a 2200 square foot home to a 989 square foot home and how I remodeled it to fit my needs. I also have some tiny to small house floor plans that I have designed while working on an idea for an over the garage apartment. I added a few ideas on how to use the space by setting up furniture and cabinets in the right areas for a comfortable living space.
