DogTown: The Legend of the Z-Boys

In the early 1970s, the sport of skateboarding had so waned from its popularity in the 1960s that it was virtually non-existent. In the Dogtown area of west Los Angeles, a group of young surfers known as the Zephyr Team (Z-Boys) was experimenting with new and radical moves and styles in the water which they translated to the street. When competition skateboarding returned in 1975, the Z-Boys turned the skating world on its head. . Dogtown The Legend of the Z-Boys is a truly fascinating case study of just how an underground sport ascended on the world. These are the stories and images of a time that not only inspired a generation but changed the face of sport forever. The Legend of the Z-Boys has been described as "The Dogtown text book" and an insightful companion piece to the movie: "DogTown and Z-Boys". . Spanning 1975 – 1985, the first section of the 240 page book includes the best of the "DogTown" articles written by C.R. Stecyk III as they originally appeared in SkateBoarder Magazine. The second half compiles 100's of never before seen skate images from the archive of Glen E. Friedman - many of which appear in the movie. Both Stecyk and Friedman acted as executive producers and advisors for the award winning film, Dogtown and Z-Boys to be released nationwide simultaneously by Sony Picture Classics in April 2002.
