This Housemartin Classics edition includes the full original text as well as an easy to use interactive table of contents.

The Rime of the Ancient Mariner (originally The Rime of the Ancyent Marinere) is the longest major poem by the English poet Samuel Taylor Coleridge, written in 1797–98 and published in 1798 in the first edition of Lyrical Ballads. Modern editions use a revised version printed in 1817 that featured a gloss. Along with other poems in Lyrical Ballads, it was a signal shift to modern poetry and the beginning of British Romantic literature. The Rime of the Ancient Mariner relates the experiences of a sailor who has returned from a long sea voyage. The Mariner stops a man who is on the way to a wedding ceremony and begins to narrate a story. In addition to being referenced in several other notable works, due to the popularity of the poem the phrase "albatross around one's neck" has become an English language idiom referring to "A heavy burden of guilt that becomes an obstacle to success". According to William Wordsworth, the poem was inspired while Coleridge, Wordsworth, and Wordsworth's sister Dorothy were on a walking tour through the Quantock Hills in Somerset in the spring of 1798.
