**Truth Decay: Defending Christianity Against the Challenges of Postmodernism** Douglas Groothuis

A 2001 *Christianity Today* Award of Merit winner! The concept of truth as absolute, objective and universal has undergone serious deterioration in recent years. No longer is it a goal for all to pursue. Rather postmodernism sees truth as inseparable from culture, psychology, race and gender. Ultimately, truth is what we make it to be. What factors have accelerated this decay of truth? Why are people willing to embrace such a devalued concept? How does this new view compare and contrast with a Christian understanding? While postmodernism contains some truthful insights (despite its attempt to dethrone truth), Douglas Groothuis sees its basic tenets as intellectually flawed and hostile to Christian views. In this spirited presentation of a solid, biblical and logical perspective, Groothuis unveils how truth has come under attack and how it can be defended in the vital areas of theology, apologetics, ethics and the arts.
